Kako čitati katalog. Uz svaku letvicu navedeni su šifra (profil-varijanta), naziv boje, mjere u milimetrima (širina × visina × utor) i broj metara u kutiji. Cijene po metru i trenutačna zaliha nalaze se u web trgovini na www.esel.hr; partneri nakon prijave vide svoj cjenik.

Each moulding shows its code (profile-variant), colour, measures in millimetres (width × height × rebate) and metres per box. Prices per metre and current stock are on www.esel.hr.
